PUBLISHER'S PAGE**I'M MAD AS HELL AND I'M NOT GOING TO TAKE IT ANYMORE**

I am not going to be jerked around any more and neither should you. What the hell is going on with the recent North American panic about pornography? What is pornography? I have a lot of trouble getting a simple definition that makes any sense, from anyone. Yet it seems to be the "in" topic for more bureaucratic interventions. The original meaning of pornography was, "The writing of prostitutes." Today's anti-pornography do-gooders have reached far beyond that. They now opportunistically misuse the word to apply to virtually

anything they don't like. I am sick and tired of the Andrea Dworkins of this world trying to decide for me and for you what pornography is, what is harmful and how everything would be just wonderful if we all moralized according to their fanatical fantasies. [Jerry Falwell](#), the great white divine planner, recently stated "we recognize the existence of pornography and the impossibility of stamping it all out. But we do want to push it back to Sleaze Town to live amongst the roaches where it belongs." To the [Jerry Falwells](#) and all the rest of the self-appointed judgemental moral zealots, I say, "To Hell With You!"

What most "purity" crusaders or vote getters seem to be forgetting, probably intentionally, is that there is good pornography and bad pornography. Just as there is good and bad in religion, in government — and in the feminist movement. In everything. But, thank God, the freedom of choice ultimately belongs to you, to me, and to all individuals in a FREE Democratic Society.

I wonder what Andrea Dworkin thinks about when she makes love —her way. I wonder if she feels the same as me, that sex is beautiful and wonderful and that equality in sensuous erotica is paramount to all of us. That sexual intoxication, the basic volcanic drive in all of us, is fantastic. That the greatest high or buzz comes from sex. That pictures and words and sex aids can enhance that glorious feeling. That it has to happen from the shoulders up before it can happen anywhere. That women can be gorgeous, beautiful — yes, sexual playthings.

And that MEN can be gorgeous, beautiful, sexual playthings. That HARD-ON'S are terrific. That PLAYPEN's Turn-On Letters, articles and tastefully erotic photographs can enhance and beautify sex.

Perhaps there are just too many who are blow-drying their brains. But they are not going to get to me, or to PLAYPEN. We promise you, our valued reader, always to maintain and encourage the beauty of "Sexual Freedom for Men and Women," which the PLAYPEN dictionary defines as "Consenting adult sex — with equality and responsibility; but without guilt, censorship or governmental intervention."

It is because of this that PLAYPEN has produced and coined, in this issue, the phrase most befitting all anti-sex, anti-porn activists — "The New S.S. — Sexual Stormtroopers". We urge you to join PLAYPEN and get mad as hell and not take it anymore. To join up with us and fight. To take a stand — a stand for Sexual Freedom, against Sexual Facism.
